**Date: January 25, 2021
For Release: Immediately**

Stanly County Affected by Vaccine Shortage

Stanly County Health Department is experiencing a shortage of COVID-19 vaccine. The appointments scheduled for first doses of vaccine on January 27, 28, 29 are being rescheduled. If you currently have a COVID-19 vaccination appointment on those days, it is now scheduled to be on the same day and time of the following week.

- Wednesday, January 27 appointments are rescheduled for February 3
- Thursday, January 28 appointments are rescheduled for February 4
- Friday, January 29 appointments are rescheduled for February 5

The health department is sending an automated phone message to those that are affected by the reschedule. Second doses of COVID-19 vaccine that are scheduled for January 28 will still take place on that day.

We thank you for your understanding and ask for your patience as we continue to work to meet the needs for our community during this pandemic.

You can stop the spread of the virus by following the **3 W's**

- **W**ear a cloth face covering.
- **W**ait 6 feet apart. Avoid close contact.
- **W**ash your hands often or use hand sanitizer.
